SUMMARY

As a fourth-year Computer Science and IT student, I have cultivated a deep passion for Cloud Engineering, Data Analysis, Artificial Intelligence, and Cybersecurity, and I am committed to continuously expanding my knowledge and skills in these areas and in other areas. I am actively seeking a challenging opportunity to contribute my expertise to BNY Mellon on its 2024 Analyst Program – SSD. My goal is to leverage my technical acumen and dedication to help others and enhance the efficiency of the organization.

By May 2024, I will be completed my studies, and I will be in possession of the necessary qualifications. Subsequently, I will be seeking to apply for the work visa, with the intention of doing so by 2025.
